Professional Summary

Technical Virtual Assistant and Marketing Automation Specialist with 5+ years of experience in CRM integration, lead nurturing, and workflow automation. Built and launched 2 WordPress sites and 3 conversion funnels — including a wellness course portal on LearnDash and Keap — streamlining workflows for 70+ monthly leads and cutting manual follow-up time. Managed 60+ executive appointments monthly via Acuity Scheduling, reducing booking conflicts by 20–25 instances per month. Drove 20–30% engagement growth across social platforms by producing 14 optimized posts per week, with a focus on CRM automation and lead conversion optimization."

Professional Experience

Technical Virtual Assistant / CRM Integration Specialist/ Web Designer

Outsourced Doers | Inner Eye Life Coaching | SpiritedGrowth

July 2020 - March 2026

- Automated lead workflows using Keap and Zapier, eliminating repetitive tasks and accelerating lead follow-up. This reduced manual handling of roughly 70+ leads per month, ensuring consistent and timely client communication.
- Optimized executive scheduling with Acuity Scheduling and Google Calendar, managing 60+ monthly appointments. This decreased booking conflicts by about 20–25 instances per month, giving my client more reliable daily availability.
- Produced short-form video and graphics for social channels, increasing content output to 14 posts per week. This helped boost engagement by an estimated 30–40% across Facebook, Instagram, and TikTok, while maintaining brand consistency.

Graphic Designer/Technical Support

Love Yoga (Part-time)

July 2024 - January 2026

- Delivered social and print assets that boosted cross-channel engagement by 30–40% and strengthened brand recognition.
- Designed a cohesive brand identity (logo, palette, typography) and scalable vector assets, cutting collateral turnaround by 20% and driving 25% follower growth in 3 months.

Social Media Manager

Confidential — Financial Services Company (Part-time)

August - November 2025

- Maintained brand reputation by enforcing moderation guidelines and removing harmful content, escalating sensitive issues to leadership — helping preserve 100% compliance with community standards and sustaining customer trust.
- Implemented content scheduling and reporting systems that reduced manual posting time by 15+ hours per month and supported a 30–40% boost in engagement across Facebook, Instagram, and TikTok.

Education and Certifications

- **B.S. Information Technology** — St. Peter's College of Toril, 2015 – 2019
- **Introduction to AI Prompting and ChatGPT** — DICT Region XI, May 16, 2025
